Ein Gev Tourism

Kibbutz Ein Gev is a true pioneer in tourism in Israel. Located at the foot of the mighty Golan Heights mountains on the eastern shore of the Sea of Galilee, the kibbutz was first established in 1937. Despite facing early difficulties, the kibbutz was quick to recognize the potential that lay on its doorstep - namely, the stunning views of the Sea of Galilee - as a source of income for the kibbutz.

Ein Gev Holiday Resort

The Ein Gev Holiday Resort is located on the eastern shore of the Sea of Galilee, and is one of the biggest resorts in the area, hosting tourists from Israel and abroad.

The resort's 178 rooms are suitable for couples, families, and organized groups, and are located close to the lapping waters of the Sea of Galilee. The rooms are also surrounded by carefully maintained lawns and greenery, which adds that little something to the atmosphere of holiday and leisure. Ein Gev Port is also close by, with a range of restaurants and other attractions to enjoy.

The Ein Gev Fish Restaurant

The Ein Gev Fish Restaurant invites you to enjoy a wide-range of delicious local food. Tasting our delicious fish, and enjoying an evening with all the family on the shores of the Sea of Galilee is truly an unforgettable experience!

The restaurant was started in 1945, set up by founding Kibbutz members as a small kiosk to target passing traders and guests. Today, the restaurant is recognized as the largest restaurant in the Sea of Galilee area.

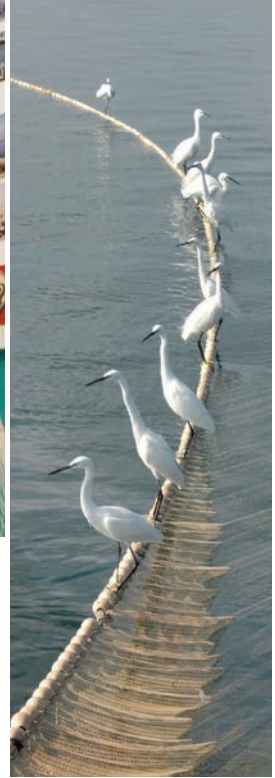

Our most famous dish is our traditional St Peter's Fish meal.

Gift and Souvenir Shop

Our gift and souvenirs shop is located at the entrance to the Ein Gev fish restaurant, and is an integral part of the tourist complex at Kibbutz Ein Gev.

The store provides a fast service to groups visiting on day excursions, while also ensuring dedicated, personal attention to those hunting down the perfect gift or memento.

The Anchor House (Sea of Galilee Fishing Museum)

The Anchor House is located in Kibbutz Ein Gev. Explore a variety of unique discoveries from the Sea of Galilee that provide insights into how they fished the Sea of Galilee - from biblical times to the present day.

The museum collection includes stone and iron anchors, stone fastenings, worshipping stones, and a variety of fishing nets. The museum's collection of photographs also provides a unique look at ancient harbors, the various fish that used to be prevalent in the lake, and other natural wonders from the area. A visit to the museum opens an amazing window to the hugely important fishing industry from around 3000 years ago.

Fishing boat demonstration

Experience net fishing in the lake by sailing out with the fishing boat for a full demonstration.

Guests watch the crew at work and hear a detailed explanation from our veteran captain about fishing on the Sea of Galilee today.

Sailing the Sea of Galilee...

Setting sail on the Sea of Galilee - and don't forget the fishing!

The Sea of Galilee Sailing Company is the area's original sailing company, with over 60 years experience serving passengers and tourists, sailing to all the various ports on the Sea of Galilee. The company has five boats of various sizes, capable of holding between 55 and 150 passengers, depending on the type of cruise.

Home-Hospitality on the Kibbutz

Kibbutz members offer a warm welcome to guests from abroad

Tourist groups wishing to learn about kibbutz life are invited to visit kibbutz members' homes. In an authentic kibbutz atmosphere, enjoy some coffee and cake during the afternoon/evening, usually coordinated in advance. Meet up with kibbutz families who speak English, Spanish and Russian, and hear their account of life on the kibbutz and the history of the kibbutz.

The Fruit House

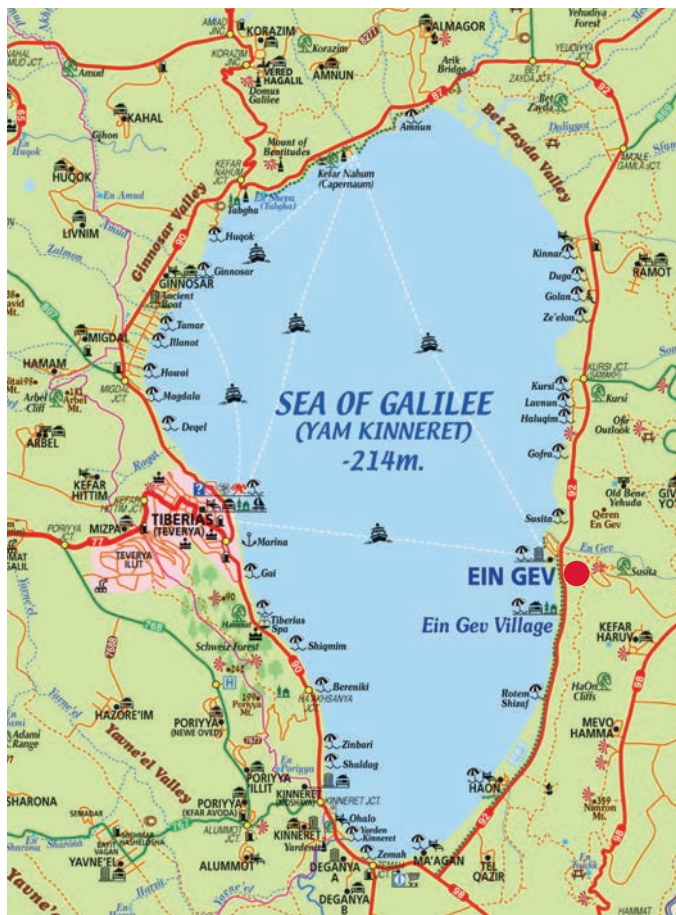

Located next to "The Orange" statue, the Fruit House offers a wide-range of fresh shakes and fruit juices, ice-cream, coffee and baked goodies, all accompanied by breathtaking views of the Sea of Galilee from their balcony...

The Kibbutz Train Tour

The Kibbutz train ride is a unique experience, linking the past and present of the kibbutz, and provides a fascinating experience for all the family!

The train travels along the winding paths of the kibbutz, and allows visitors to peek behind the scenes of the kibbutz, including the cow-yard, the banana plantations, and in the date fields. The tour also tells the story of the most interesting places, people, and houses on the kibbutz, and gives an insight into the truly special atmosphere of a kibbutz.
