

Kinar Galilee Hotel

About the hotel:

The Kinar Galilee hotel and holiday resort is the perfect base from which to explore northern Israel, relax amongst nature, or spend time with the family. All this, within a religious, respectful and kosher environment.

The Kinar Galilee sits in acres of green parkland which open onto the banks of the Sea of Galilee. Located on the North Eastern shores of the Sea of Galilee (the Kineret) , the Kinar Galilee is surrounded by glistening water, lush green mountains and a delightful sea breeze. The sounds of birds chirping coupled with the clean, country air and uninterrupted views, are a world away from the hubbub of traditional Israeli tourist hotspots.

The Kinar Galilee is a hotel resort which respects the needs of a religious traveler.

Our members of staff, in addition to the courtesy and service expected from a luxury hotel, are sensitive to a modest dress code, appropriate behavior, and the range of requirements unique to an orthodox population.

Hermon Heights Rooms

The Hermon Heights rooms combine the privacy and character of a rustic cabin with the comfort and luxury of a large hotel Branching.

Hermon Premium Rooms

Recently, the rooms of the central building have been renovated and updated. The new modern design takes comfort to the next level for the benefit of our guests.

The Hermon and Hermon premium rooms can accommodate two adults and two children (2-12 years of age) or three adults. In addition, there are family units that can accommodate up to six people (and two babies) – divided into two rooms with interconnecting door.
