THE LUXURY COLLECTION HOTELS & RESORTS

A NEW YORK DINING STORY IN THE HEART OF JAFFA

Don Camillo pays homage to the essence of the great Italian-American New York restaurants of the 20th century. The cuisine is influenced by that same period, but takes its culinary cues from locally-sourced ingredients and the abundance of the Mediterranean. Fresh New York style bagels, lox and schmear, and all the classic smoked deli meats make Golda's New York style Delicatessen all-day café an instant classic. The Pool, focuses on fresh, light, and healthy food in a relaxed poolside atmosphere. All culinary venues are in partnership with New York's famed Major Food Group.

THE CHAPEL: TAKING NIGHTLIFE TO NEW HEIGHTS

Arguably the most unique spot at The Jaffa is the Chapel, painstakingly restored from its days serving the School of the Sisterhood of St. Joseph. This magnificent space features restored original French stained-glass windows, arched ceilings, and ornate plasterwork details.

As the sun sets, the Chapel heats up as one of Tel Aviv's most stylish and exclusive night spots. The small molded dove at the top of the room also overlooks a variety of other activities and events, ranging from daytime meetings to cocktail receptions to unforgettable weddings.

MEETING ROOMS AND EVENTS

The Jaffa offers two fully equipped meeting rooms accommodating 10-20 people, additional conference space is available at a nearby gallery. The Chapel can accommodate up to 200 persons for receptions and events to seat every desired format.

Allow our dedicated events team to assist you in the seamless execution of your meeting or event across our choice of spaces, including our restaurants bars and pool area. Each venue provides endless possibilities to customize a memorable event, catering to your each and every need.
